

Disclaimer and Liability Notice for Salt 2 U

At **Salt 2 U**, we strive to provide high-quality winter products to ensure your property's safety during freezing conditions. However, it's important to review the following disclaimer, which outlines potential risks, limitations, and liabilities regarding our products and services:

- 1. Use of Repurposed Buckets:** Our 5-gallon buckets are repurposed storage containers. While we clean and sanitize them for delivering ice-melting products, Salt 2 U makes no guarantees regarding their original use. These buckets should only be used for storing ice melt and should not be reused for any other purpose. We are not liable for any contamination or damage resulting from improper use.
- 2. Health and Safety Risks:** Although our ice melt is **pet-friendly**, it is not entirely safe for ingestion or direct contact with skin or eyes. If the product is ingested by humans or animals, seek medical or veterinary attention immediately. **Contact Poison Control** (1-800-222-1222) if swallowed or inhaled in significant quantities. If the product comes into contact with eyes, rinse thoroughly with water and seek medical advice if irritation persists. Prolonged skin contact may cause irritation; wash affected areas with soap and water. Use gloves when handling the product to reduce exposure.
- 3. Product Performance:** Ice melt effectiveness depends on temperature, application method, and surface conditions. While our products are designed to work at freezing temperatures, Salt 2 U does not guarantee complete ice removal or fully ice-free surfaces. Please follow recommended application instructions to maximize safety and effectiveness. We are not liable for any accidents, injuries, or property damage resulting from improper product use.
- 4. Application Risks:** Over-application of ice melt can damage surfaces such as concrete, asphalt, vegetation, and nearby materials. Follow manufacturer instructions to prevent overuse. Salt 2 U is not responsible for damage caused by improper or excessive application.
- 5. Surface and Environmental Impact:** Our products include corrosion inhibitors to reduce damage to surfaces, plants, pets, and metals. However, repeated or excessive use may still harm vegetation, grass, concrete, or metals. Please use cautiously around sensitive surfaces. Salt 2 U is not responsible for long-term effects of product use on surfaces or the environment.
- 6. Safe Storage and Handling:** Keep ice melt out of reach of children and pets. Store in a cool, dry place to prevent accidents. Salt 2 U is not liable for injuries, accidents, or damages caused by improper storage or handling of our products.
- 7. Weather and Delivery:** While we strive for timely delivery, severe winter weather may cause delays. Salt 2 U is not responsible for delays due to weather or other unforeseen circumstances. We recommend ordering early to ensure product availability and timely delivery.
- 8. Customer Responsibility:** Once the product is delivered, it is the customer's responsibility to store, use, and apply it properly. Salt 2 U assumes no liability for accidents, injuries, or property damage after the product has been delivered.

9. **No Guarantees on Surface Safety:** Our products are designed to reduce ice and snow hazards, but Salt 2 U cannot guarantee complete surface safety. Customers are responsible for monitoring and maintaining their surfaces throughout the winter season.
10. **Allergic Reactions:** While our products are generally safe when used as directed, some individuals or pets may experience allergic reactions. Discontinue use if any irritation, allergic symptoms, or discomfort occurs and seek medical or veterinary attention. Salt 2 U is not liable for health-related issues due to individual sensitivities.
11. **Weather-Related Delays:** Due to the nature of our service, winter weather can impact our ability to deliver products on time. While we strive to meet delivery expectations, Salt 2 U cannot be held responsible for any damage or accidents occurring due to delayed delivery of essential ice-melting products.
12. **Slip and Fall Hazards:** Even with proper application, ice-melting products may not completely eliminate slippery conditions. Users are encouraged to regularly monitor their walkways and driveways. Salt 2 U assumes no liability for slip-and-fall accidents that occur after product application, as it remains the responsibility of the property owner to maintain a safe environment.
13. **Bucket Handling:** The 5-gallon buckets used for delivery are repurposed and may have varying degrees of wear. Customers should handle them carefully to avoid injury or product spills. Salt 2 U is not responsible for injuries caused by improper handling or lifting of these buckets.
14. **Improper Disposal:** Customers must properly dispose of the empty storage buckets and leftover product, in accordance with local regulations. Salt 2 U is not responsible for any fines, legal consequences, or environmental harm caused by improper disposal.
15. **Misuse of Products:** The products are designed for outdoor use on driveways, sidewalks, and steps. They are not suitable for indoor use, use on certain delicate surfaces, or use as food or any form of personal care. Salt 2 U is not responsible for damage or harm resulting from misuse.
